Celebrating 85 Years of Snacks, Smiles & Success!

The year was 1931. With just \$2,000 and the strong work ethic of founder, David C. Evans, Gold Medal was born. What started with simple drink concentrates has evolved into a full line of concession equipment and supplies including popcorn, cotton candy, Sno-Kones® and much more.

A lot has happened in our 85 years. The third generation of the Evans family now leads the company and the fourth generation is working here as well. From our humble beginnings, we've grown to over 400 employees supporting efforts from engineering to manufacturing, marketing to customer service. We've been at the forefront of industry innovations, creating new products, continually improving processes and above all, serving the needs of our customers. Put our experience to work for you. Whether you're new to Gold Medal or a decades-long, loyal customer, we will help you get the most out of your concession business.

We're proud Gold Medal is trusted as the industry's leading supplier. And we are committed to continuing to earn your trust by providing top quality products, service and support. Together, we will keep making history, now and in the future. You can count on us to deliver Snacks, Smiles and Success!

CONCESSION INDUSTRY TRENDS

GOURMET POPCORN

If you're looking for a product known for its popularity and profits, you'll want to learn more about gourmet popcorn! Ready-to-eat popcorn has emerged as one of the fastest growing sectors of the snacks market. Now, you can respond and offer your customers a fresh alternative with Gold Medal's gourmet popcorn equipment and supplies.

Why is gourmet popcorn so successful?

Smart Sales Opportunities

Gourmet popcorn is very versatile. Make it on-site to prompt impulse buys. Offer party trays for events. Package in decorative bags or tins for special occasions. Even private label your own assortments.

Proven Profitability

With attractive profit margins of 70-80%, gourmet popcorn is a worthwhile investment. Plus, you can choose the set-up that best suits your needs from stand-alone kiosks to full-service sweet shops.

Signature Flavor Selections

Shoppers are paying top-dollar to taste new flavor sensations and to satisfy their cravings. With a wide variety of flavors, you can customize your menu with the tastes your customers desire.

Perfect for Promotions

Gourmet popcorn is a product for all seasons! Plan strategic promotions year-round such as heart-shaped tins for Valentine's Day; popping in school colors for graduations; and flavor-of-the-month clubs.

Simple to Get Started

With so many options from cheese pastes to glazes to shake-on flavors, it's easy to customize a plan that will work for you. In addition, the equipment is designed to be user-friendly, making the labor manageable for both small and large operations.

Now's the time to get your share of this growing movement!

Ready-to-eat popcorn sales have grown by double digits to top \$750 million last year, opening up a huge market for gourmet popcorn flavors.

GOLD MEDAL POPPERS

WHERE TASTE & PERFORMANCE MEET

There's a science to popping corn. Gold Medal is invested in providing the latest technologies that will enhance the popping process. We design our machines with a focus on safety, simple operation and ease of cleaning, and all to help you produce the absolute best-tasting popcorn.

Throughout the catalog, you'll find special icons identifying the key features of each popper. These pages serve as a reference guide by explaining what each icon means.

PowerOff® Control

One of our most popular safety features, PowerOff® Control means operators can rest assured knowing their machine will automatically turn off after 15 minutes of idle time. It re-sets each time a batch of fresh corn is popped.

- Eliminates wasted electricity during idle times to cut down on energy bills
- Reduced heat and wear on the kettle extends the life of the heating element

NEW for 2016! Gold Medal has expanded the number of poppers equipped with PowerOff® Control.

Models now with PowerOff® Control									
#1866	#2656	#2660GT	#2660	#2661	#1871	#2660FG	#2488	#2488SR	#2489
#2147	#2007	#2131	#2152	#2452	#2389	#2552-00-001	#2214	#2212	

E-Z Kleen Kettles The secret behind the E-Z Kleen Kettles is the stainless steel cook surface. It's simple to maintain and the long-lasting performance ensures great-tasting popcorn every time.

Fire Suppression Vent hoods and fire drops can be costly additions. Now, you can protect yourself with the highest level of safety in industry-tested PopClean® poppers with the built-in Fire Suppression System. Ideal for theaters, arenas, stadiums and more. **Fire Suppression is standard on all PopClean® poppers for 2016.**

Big Eye Electronic Heat Control How much could an extra set of eyes benefit you? In this case, the Big Eye Electronic Heat Control automatically monitors the temperature, providing you with increased precision and control.

Brute Force Motors Gold Medal has strength where it counts. Large, powerful drive motors mean you have popper performance you can rely upon.

PopClean® Gold Medal offers the highest level of filtration with PopClean®. This unique system functions by trapping and filtering steam smoke and oil vapors created during the popping process. Yet, you'll still enjoy that irresistible popcorn aroma! Originally designed with theaters in mind, this filtration protects digital projectors, menu boards and other sensitive equipment.

Twin-Arm Suspension Operator safety is the top priority of the double-hung, twin-arm kettle suspension. It prevents accidental oil spills and gives more work room within the cabinet.

Flexipop® It's like two poppers in one! Pop half batches during non-peak times, then flip the switch to pop twice as much for high demand periods. Your absolute best bet for high-efficiency productivity!

Uni-Maxx® Get the performance you need with a unified kettle and heat element, working together to provide the lowest energy consumption and maximum popping capacity.

Kettle Guard Take the extra step in safety with Kettle Guards, which help to prevent kettle burns. Available on large poppers only.

Salt/Sweet Switch Available on larger kettle sizes, the Salt/Sweet Switch gives you the option to pop sweet popcorn at the proper temperature, preventing burning of sugars.

BIB Oil Level Sensor You don't have to question what your oil levels are. Located next to the popper controls, this sensor conveniently displays how much oil is left in the Bag-in-Box (BIB) oils. Available on Elite Popper Series only.

Top Hat Kettles Expansion is made easy with Top Hat Kettles! Designed for 32 oz. and 52 oz. poppers, the taller lid creates as much as 30% more space, allowing you to pop to the max.

WHICH POPPER IS RIGHT FOR ME?

Here at Gold Medal, we design our equipment to be user-friendly, making it easy, efficient and cost-effective to implement at any location. But how do you know which popper is right for you? Here are 6 questions you need to ask yourself before you go to purchase a popper. Then check out Gold Medal's popper category selections to see which popper is right for you.

1 How will the popper be used—what venue?

- Will it be used at a school concession stand, office, bar, fundraiser, carnival, stadium, zoo, theater, etc.

2 Who will be operating the popper?

- Volunteers, adults, young adults, bartender, seasonal help?

3 How many servings of popcorn do you need to make in 1 hour?

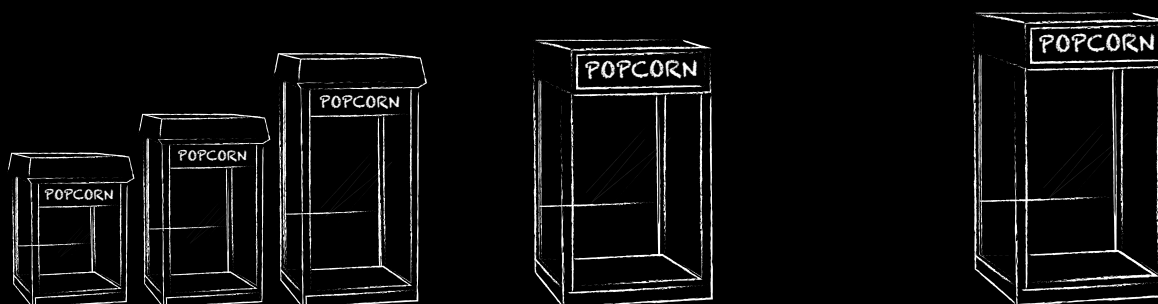

4 How much space do you have for the popper?

- Does it need to fit on a counter / does it need to be a floor model?

5 How much electric is available?

- 15 amp, 20 amp, 30 amp etc.?

6 Who will be responsible for cleaning and maintaining* the popper?

Our fire suppression system is an Ansul R-102 wet system. The system charge and arming must be performed by an Ansul certified fire suppression agency. Our customers can go to Ansul.com to locate a qualified local agent. The Fire Suppression System is fully assembled and a tank is provided for the liquid fire suppressant agent. The fire suppression company will fill the tank with 3 gallons of Ansul liquid agent. In addition, they will install the CO2 cartridge to propel the liquid agent. The standard cartridge is a 101-30 for most of our poppers. If it is a 36" popper with a deep well, they will require a 101-20 cartridge. All links and other hardware are provided. The technician will then arm the system. Typically, every 6 months they will come back to inspect the system. The cost for charging and arming the system is the responsibility of the end customer.

CORNADO SERIES

What's the secret to the best tasting popcorn? You'll find it with Gold Medal oils, seasonings and supplies! Check out our selection of the finest ingredients, including convenient corn/oil/salt kits.

Flavacol® *The World's Most Popular Seasoning Salt*

Flavacol® is made using a proprietary process that results in salt with a finer flake, not a crystal. The result is more salt sensation – but with less sodium.

Flavacol®

- A far better buttery flavor than any other brand
- Available in the original Profit-Maker Formula, Premier (without Yellow #5 or #6) or Better Buttery (BB) taste
- Available in handy quart-size cartons (45 lb. pail or 50 lb. bulk pack)
- Gluten-free
- Featured in all Mega Pop® Portion Paks

Want to sell more popcorn?

Then Flavacol® is your secret ingredient! Worldwide, more popcorn is popped with Flavacol® Seasoning Salt than any other.

The reasons are simple: sophisticated processes remove trace minerals in salt that can lead to bitter taste, and the right blend of Yellow #5 and #6 brightens the color for maximum sales appeal. Most importantly, Flavacol® adds an even bigger, buttery taste, so vendors sell more popcorn and make more money.

Cotton Candy Machine Terms 101

Ribbon Heat Element

- Heats up immediately and responds quickly to adjustments
- Best suited for owner/operators that know when and how to adjust the machine
- Element can be damaged if machine is not operated/cleaned properly

Tubular Heat Element

- Takes slightly longer than the ribbon element to heat up and is slower to respond to adjustments
- Best suited for rental customers and multiple users who may not be as familiar with the operation of a cotton candy machine
- Element is almost indestructible
- Featured in all cotton candy machines with "Breeze" in the name

FRYER SUPPLIES					
	Elephant Ears This is fried dough at its finest. Elephant Ears – or Frying Saucers – are made by frying a large 12” disk of dough, then smothering it with butter and cinnamon sugar. It’s a low-cost, great-selling festival treat, and by far among the easiest fun foods to make. Added to flour and water, each bag of our mix produces 30-32 ears, and cooks well in any shallow fryer (shown here in a #8049D FW-9 Shallow Fryer).	#8027	Frying Saucer Mix Bag	24	Bag

CLEANING PRODUCTS

Watchdog Stainless Cleaner

#2088 Case
Case Count: 12; Capacity: 18 oz. cans
#2088CN Can
Case Count: 1; Capacity: 18 oz. can

Clean machines run better and longer. This aerosol cleaner removes deposits, polishes metal and protects your machines' stainless steel surfaces. It also works on chrome, formica, copper, aluminum, brass, steel and more, and contains no chlorinated solvents or ozone depleter.

Watchdog Heavy-Duty Glass Cleaner

#2588 Case
Case Count: 12; Capacity: 19 oz. cans
#2588CN Can
Case Count: 1; Capacity: 19 oz. can

From the insert glass on your popcorn machine to Plexiglas® to the front doors of your business, this is one hard-working, grease-removing, streak-free cleaner. It's also ammonia-free, so painted or plastic surfaces can be cleaned safely. Safe for popcorn doors.

Watchdog Concession Equipment Cleaner

#2580 Case
Case Count: 12; Capacity: 19 oz. cans
#2580CN Can
Case Count: 1; Capacity: 19 oz. can

Your equipment is the lifeblood of your business, so it's vital to keep it clean and working well. This degreaser easily removes cooking oils, grease, starch, sugar and protein residues, as well as the oxidation odors they produce. Safe on most surfaces.

Heat 'N Kleen Kettle Cleaner

#2095MC Master Case
Case Count: 12; Capacity: 31 oz. jars
#2095 Jars
Case Count: 1; Capacity: 31 oz. jar

Not only is this safest way to clean kettles, it's specifically designed to easily remove carbon by a simple heat-and-soak process. Emulsifies grease and oil, and softens hard carbon deposits.

Kleen Sweep® Carbon Buildup Remover*

Case Count: 1; Capacity: 19 oz. can
#2172 Pint
Case Count: 1; Capacity: 1 pint
#2172GA Gallon
Case Count: 1; Capacity: 1 gallon

Heavy-duty miracle cleaner? You got it. This is the fastest and simplest way to soften and dissolve buildup when cleaning your messy kettles, grill grids and other cooking devices. For use on standard aluminum grids only. Not for use on painted enamel, Plexiglas® or plastic.

*This is an aerosol, so cannot be shipped by air. If ordering #2172GA Gallon, it is considered hazardous and cannot be shipped by UPS. The #2172 Pint can be shipped UPS with an additional hazardous fee, up to 4 pt./case.

Kettle Pucks

#2059
Case Count: 48; Capacity: 2 oz. pucks

No scouring, no scrubbing, just a fast-acting, low-foaming concentrated cleaner designed specifically for your popper kettles. Simply drop the puck into your kettle, add water, heat, and then wipe clean when it's cool. It's that easy. Perfect for large kettles.

STAND OUT WITH POSTERS & SIGNS

Nothing does a better job of selling your wares than the right signage. Make sure your customers can see what you're selling from a distance, with either an oversized poster or an illuminated sign, enticing their appetite and helping boost sales.

INGREDIENT INFORMATION

Information on allergens and religious documentation.

Food Allergens

Required by law as of January 1, 2006, food producers must list food allergens on all food product package labels.

A food allergen is any edible substance that causes a person to have an allergic reaction or something to which a person would have a strong aversion. According to the Food Allergen Label Consumer Protection Act (FALCPA), governed by the Food and Drug Administration (FDA) of the United States government, there are eight predominant food allergens: milk, egg, soy, fish, wheat, peanuts, tree nuts and crustaceans.

There is no cure for a food allergy; only strict avoidance of the allergy-causing food can prevent an allergic reaction. Anaphylaxis is the most severe type of allergic reaction. It is sudden, severe and potentially fatal. It results when the body's immune system reacts to otherwise harmless food proteins. The occurrence of an anaphylactic reaction can vary. It can begin very suddenly within seconds of eating a food, or occur hours after having ingested the food. Anaphylaxis should always be considered a medical emergency, as it may result in brain damage or death.

Anaphylactic symptoms can include:

- Hives
- Swelling of the lips, tongue and throat
- Nausea
- Shortness of breath, wheezing
- Drop in blood pressure
- Loss of consciousness

For more information about food allergies visit www.foodallergy.org

To verify if an allergen is present in a Gold Medal Products Co. product, read the ingredient label or contact your Gold Medal dealer or distributor. Food allergen cross-contamination occurs when any allergen is introduced to another or a non-allergen product. When changing products, identify any and all allergens that exist between products. When products' allergens differ, all contact surfaces and equipment must be thoroughly cleaned with soap and water to avoid cross-contamination.

Gluten

Gluten is a protein in wheat, rye, oats and barley. Common Gold Medal products that do not contain gluten are Sno-Kone® syrups and concentrates, Frusheez® mixes, Flossugar, Flossine®, Mega Pop® popcorn/salt/oil kits, Glaze Pop® mixes, Complete Corn Treat mixes, and Caramel, Basic and Chocolate Corn Treat concentrated mixes. For a comprehensive list of products go to our web site www.gmpopcorn.com or contact your Gold Medal dealer.

Religious Documentation

Many of our products are Kosher and/or Halal-certified. Certificates are available on request, or can be downloaded from our website at www.gmpopcorn.com.

Suggestions On Ordering

PRICES & SALES TAXES

Every state charges sales tax. We must charge sales tax on all applicable items and to all organizations in AZ, CA, FL, GA, IA, IL, IN, KY, LA, MI, NC, NY, OH, PA, SC, SD, TN, TX, VT, WA and WV until the appropriate exemption certificate has been properly documented and sent to us. There can be no exceptions – sales tax laws cannot be violated without serious consequences. Any prices in this catalog are F.O.B. Cincinnati. Prices are subject to change without notice.

SPECIFICATIONS

In this catalog, there may be typographical errors, which we reserve the right to correct. Some photos are of prototypes and actual production may vary. Some specifications are changed to improve equipment during the course of the year. Improving design and equipment performance is a continuous way of life here at Gold Medal.

TELEPHONE ORDERS AND OFFICE HOURS

Gold Medal is open 8 a.m. to 5 p.m. EST Monday through Friday year-round, as well as Saturdays during the summer months from 8 a.m. to 12 noon (all branches plus headquarters). Call 1-800-543-0862 or (513) 769-7676 for Cincinnati or the 800 numbers shown on the back cover for branch locations and specific directions.

FAX, EMAIL & WEB PAGE INFO

You can contact us 24 hours a day and leave a message. Our toll-free fax order line is 1-800-542-1496. You can ask questions and either leave your own fax number, telephone number or email address. We will get back at a time convenient to you.

FAX, EMAIL & WEB PAGE INFO (Cont.)

Our email address is info@gmpopcorn.com. Our phone system receives several messages every day. As soon as we open for business on the next business day, these calls are returned. Many Gold Medal team members have their own direct 1-800 numbers as well. We want to stay in touch with you!

TERMS

If you have not already established credit with Gold Medal, we're happy to handle your orders on cash-with-order basis, or we accept MasterCard, Discover and Visa. To establish an open account, send us the name of your bank and three firms that extend you open account. We do not ship C.O.D.

RETURNED GOODS

Requests for returned goods should be made by calling Gold Medal Cincinnati, extension 2340 for a "return authorization" (RA Form). No food products or food packaging may be returned. You can fax in your completed RA Form to 513-733-5678.

INTERNATIONAL SALES

Gold Medal is actively represented in many international cities. Of course, we are always interested in establishing relationships in cities where there is no Gold Medal international dealer. Fax us or email us for the name of the international distributor nearest you. Or, if there is none, maybe it is time to establish you as a distributor if you qualify.

Methods of Shipment

The best way of getting your shipment to you at the lowest cost is to specify "Best Way" on your order. Our shipping department will use the best all-around routing. PLEASE ALLOW PLENTY OF TIME – all carriers do not render the speedy service as in the past. We use all popular methods of shipment.

SHIPPING CHARGES

Please call for pricing.

TRUCK LINES

With good service from Cincinnati this is the best method for shipments over 100 lbs. We can prepay freight and add it to our bill, but we must add a handling charge for this service.

PARCEL

UPS is our preferred method of shipping parcels. We charge you the same rate as UPS with no markup. Handling fees will be added to cover additional handling required for parcel shipments. We ship most supply items and small to medium equipment. Larger equipment and some fragile items will not be shipped as a parcel.

AIR FREIGHT

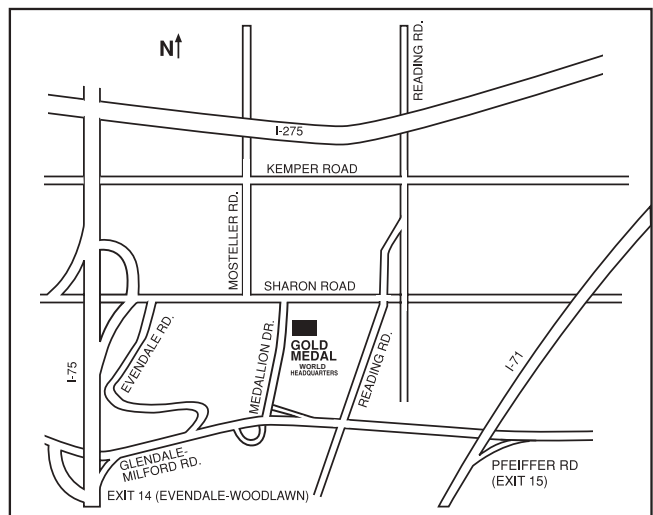

In a hurry? It's your call – if you pay the freight, you may choose from expedited freight services such as NEXT DAY AIR, or SECOND DAY AIR. When you pay the freight, let us help you "have it your way!"

Directions

Gold Medal's corporate offices occupy over 400,000 square feet – over 10 acres under roof – over 20 loading docks, and we are still growing.

We are very easy to find. From I-75, take Exit 15-Sharon Rd. Go east until you come to Medallion Drive – we are halfway between Sharon Road and Glendale-Milford. Come visit. "Fastop" is our customer service department.

Always be sure to visit our annual Factory Super Sale for hands-on demos, and Super Sale Specials.
